

# SharePoint Agents

Bringing Focused AI to Your SharePoint Content

June 17<sup>th</sup>, 2026

## PHOTOGRAPHY DURING THE SESSION

Feel free to capture the moment! Taking pictures of the presentation, during the session is perfectly fine.

## SELFIES WITH THE SPEAKER

We encourage interaction! If you'd like to take a selfie with the speaker, don't hesitate to ask. Most speakers will be happy to oblige during appropriate breaks.

## RECORDING AND LIVE STREAMING

Recording or live streaming the session, in part or in full, is strictly prohibited. Thank you for respecting our content and Speakers.

# About Me

## Experience

- 12+ years with Microsoft BI stack
- 10+ years with Power BI
- 10+ years with SharePoint

## Credentials

- MCSE: Productivity
- MS: PBI Data Analyst
- PMP

# Agenda

1. What are SharePoint Agents?
2. What is the Cost?
3. Where do they fit in?
4. How do I customize a SharePoint Agent?
5. Considerations

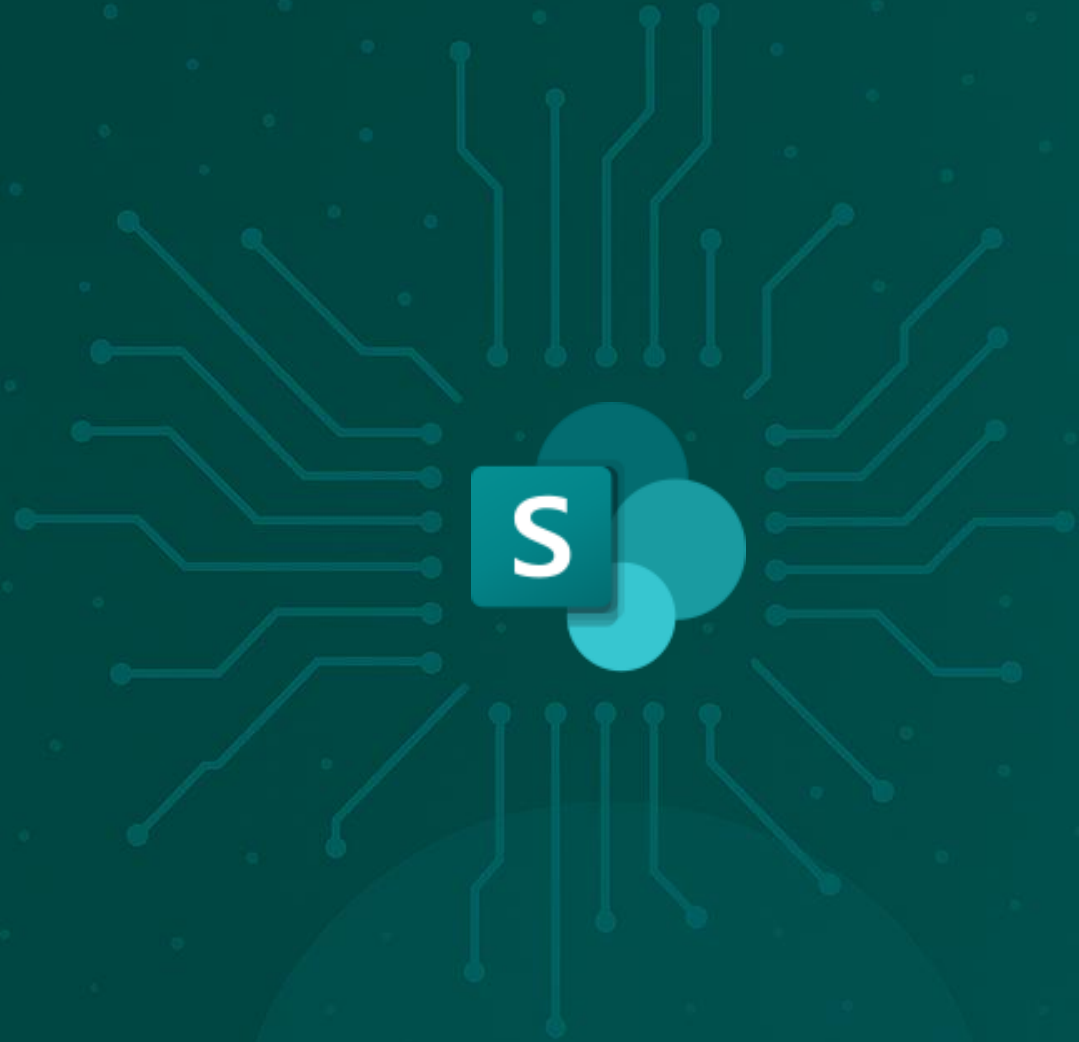

# What Are SharePoint Agents?

- AI-powered assistants that securely answer questions, summarize, and generate insights from your SharePoint content
- Answers Grounded by Your Documents
- Answers are Permission-trimmed
- Two Types
  - Ready-Made
  - Custom

***Demo:  
Ready-Made  
Agent Intro***

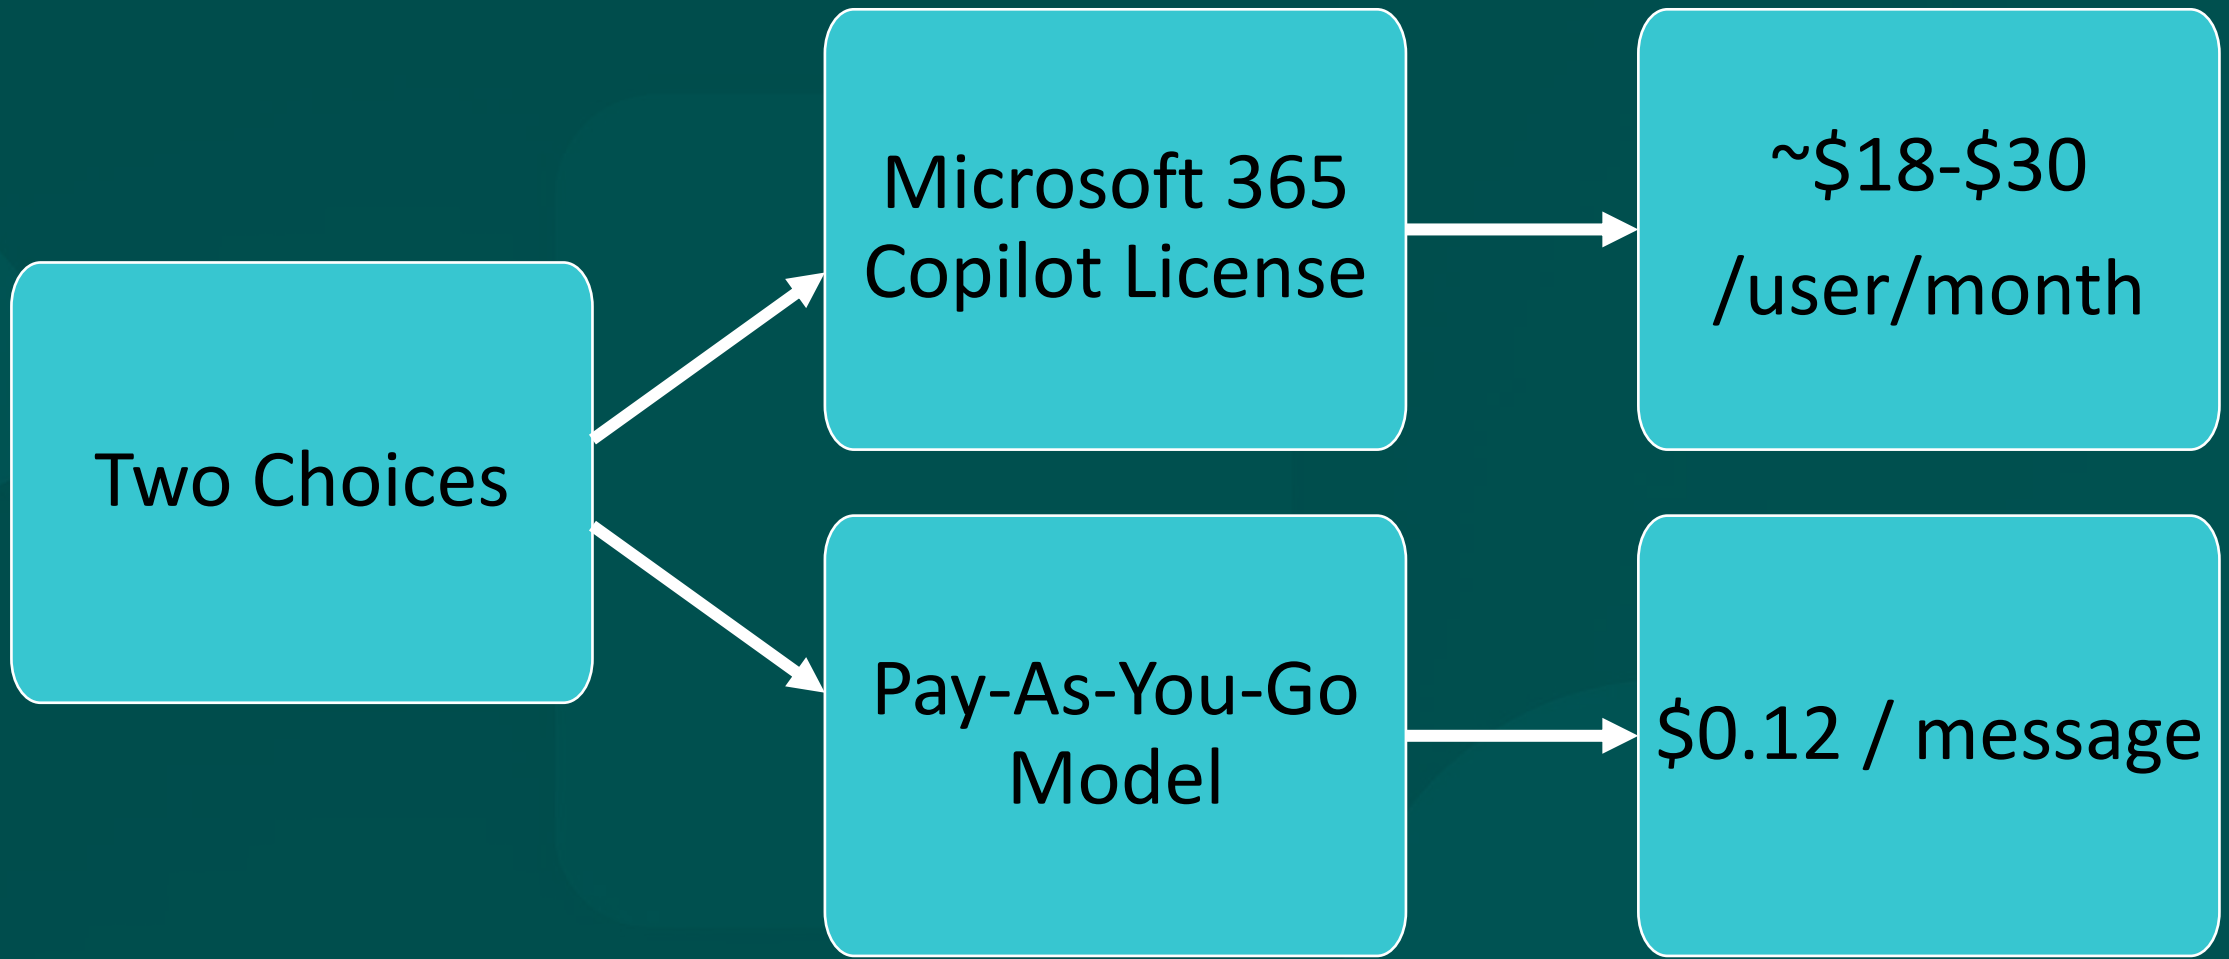

# What Are SharePoint Agents? (cont.)

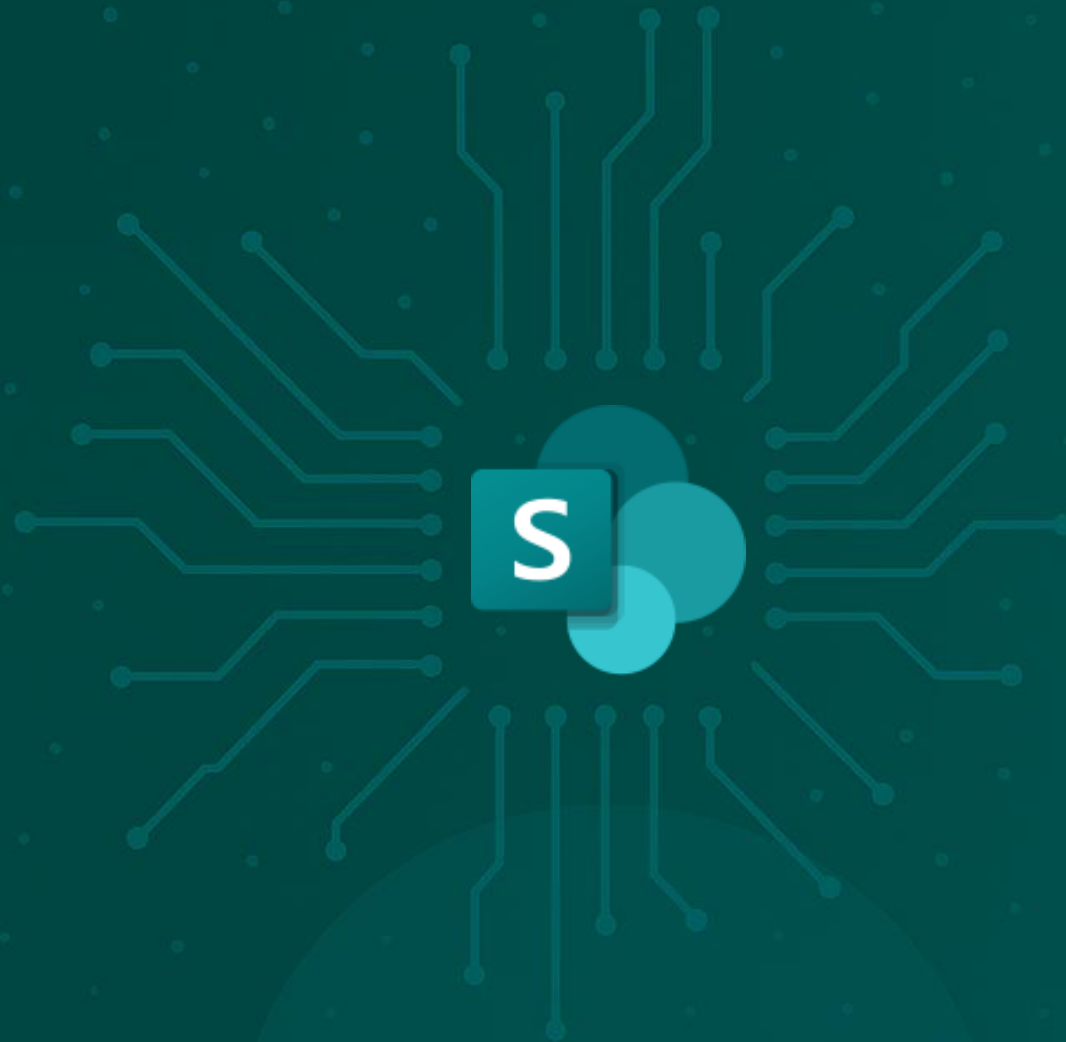

|                    | Site Visitors                                                                        | Site Members                                                                          | Site Owners                                                                           |
|--------------------|--------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|
| Interact w/ Agents |    |    |    |
| Create Agent       |    |    |    |
| Share Agent        |    |    |    |
| Edit Agent         |   |   |    |
| Delete Agent       |  |  |  |

# What is the Cost?

# *Demo – Setup PAYG*

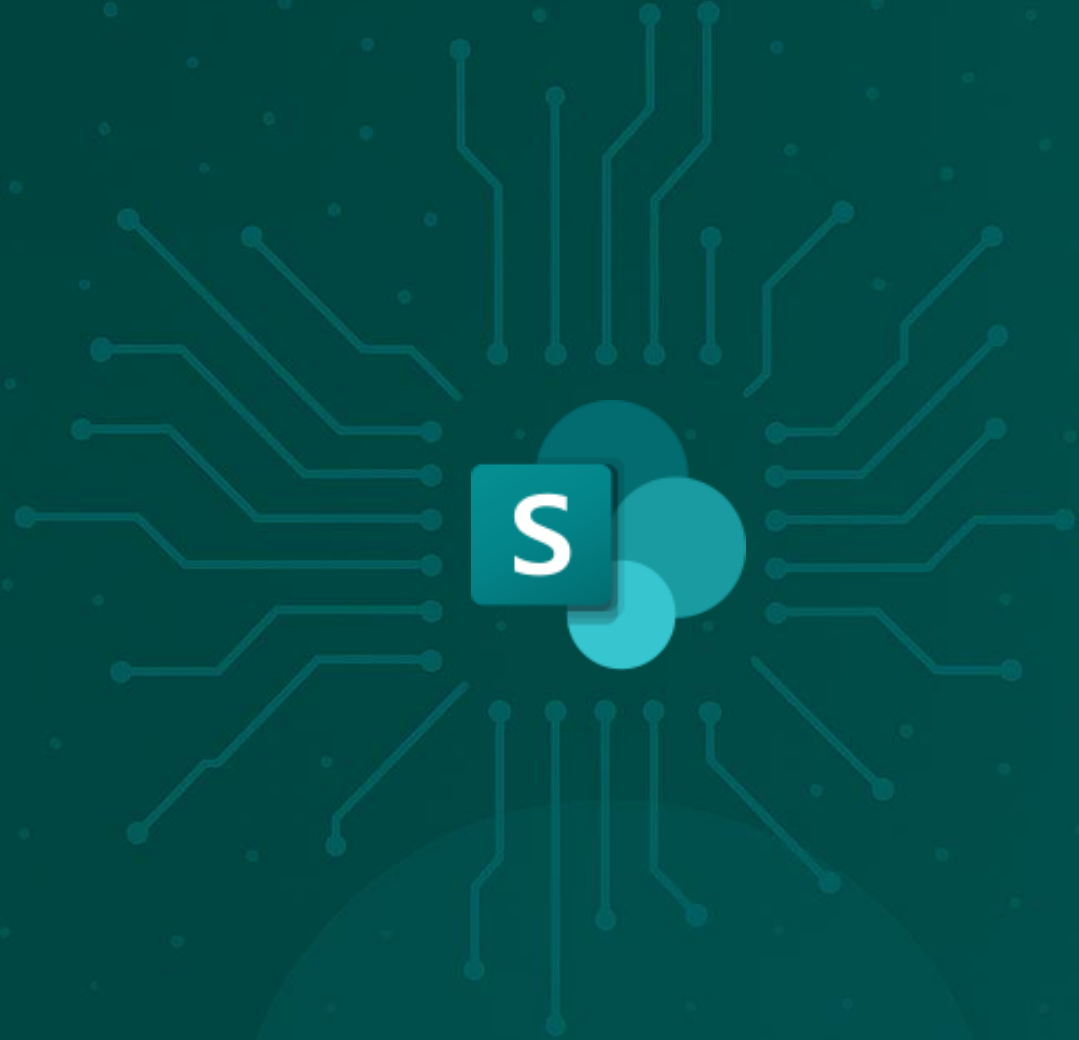

# Where do they fit in the larger Microsoft AI offerings?

|                  | SharePoint Agents                  | Fabric Data Agents  | Copilot Studio             | Azure AI Foundry   |
|------------------|------------------------------------|---------------------|----------------------------|--------------------|
| Setup            | No-Code                            | Low-Code            | Low-Code                   | Pro-Code           |
| Scope            | SharePoint Only                    | Fully Custom        | SharePoint + Other Sources | Fully Custom       |
| Common Use Cases | Knowledge Q&A / Content Generation | Chat with Your Data | Process Automation         | Process Automation |

# *Demo – Custom Agent*

[Solution File](#)

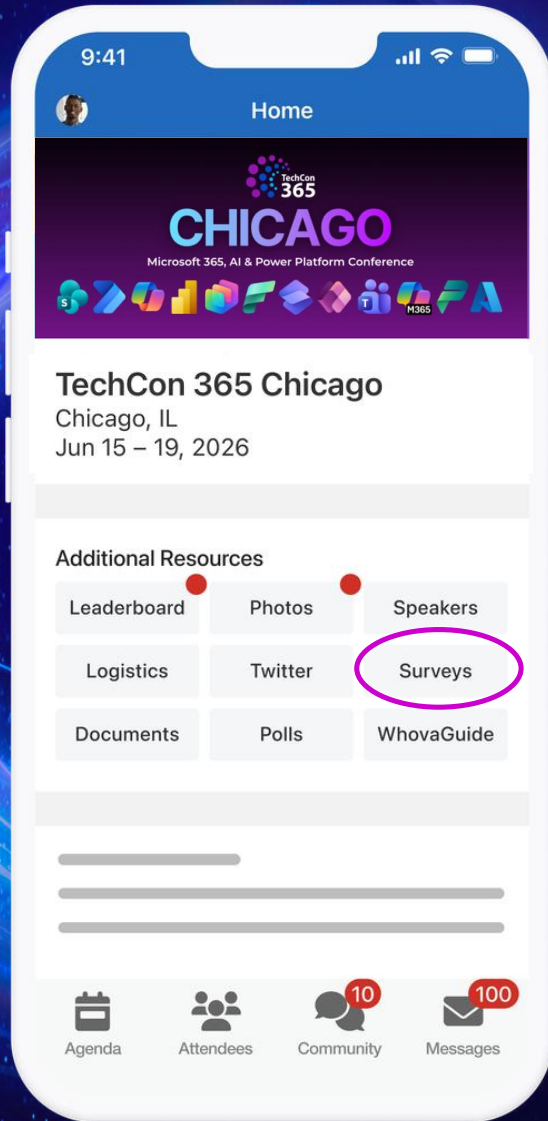

# Considerations

- Ready-Made and Hub Sites
- Agent Instructions → Mitigate Embarrassments
- Can be shared in Microsoft Teams
- Governance
  - Sprawl
  - Naming Conventions
  - Ownership

# Questions?

# How was the session?
